Upport (Current)

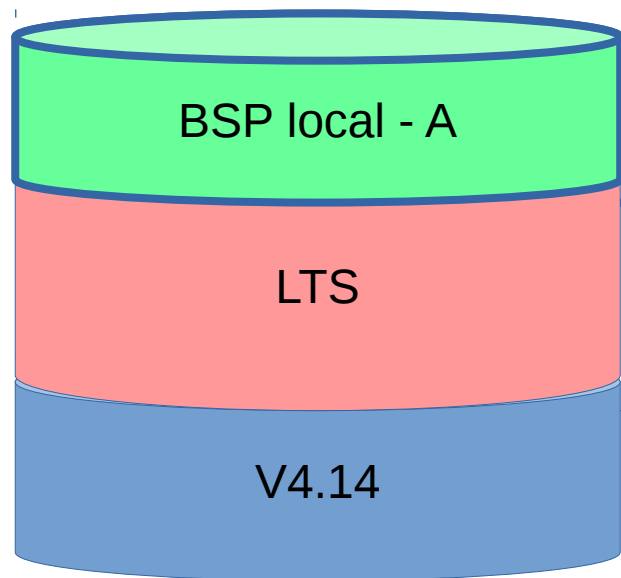

Upport (Future)

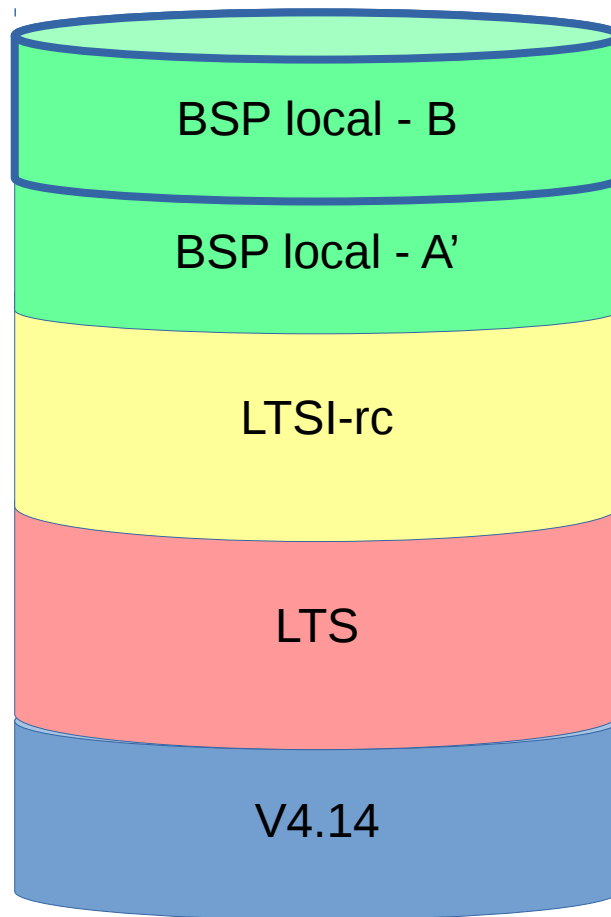

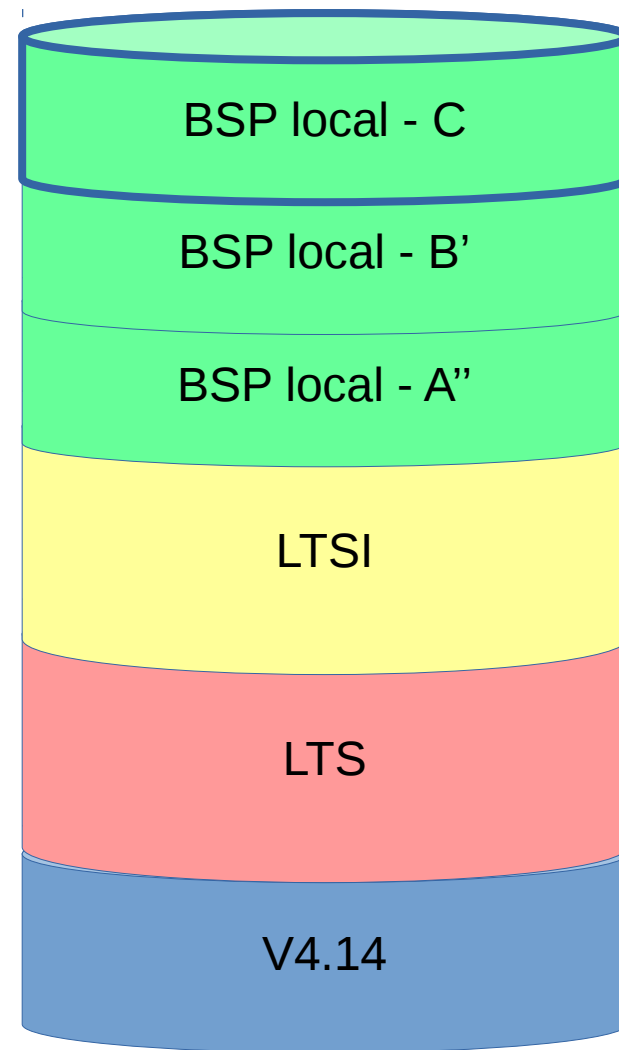

- Renesas side want to use new tool from 19Q1
- We can convert PeriUpport to PeriJect for upport list
- Feedback v1 at 18/11, Feedback v2 at 18/12

BSP 3.7.0

BSP 3.8.0

BSP 3.9.0

Why PeriJect ?

- We are using many type of Tools

- email
- chat meeting report
- periupport
- peripelist
- Wiki

→ Collecting / Confirming / Checking information is not difficult.

Put all information into one tool, and pickup necessary information
